Docket No.: DIV-1220-2

IN THE DRAWINGS:

New sheets of drawings of Figures 1-6 are submitted herewith. The new sheets of drawings include changes to Figures 3, 5, 6A and 6B. The new sheets of Figures 1-6 replace the sheets of drawings provided with applicant's amendment and response filed on August 13, 2002.

The changes to Figures 3, 5, 6A and 6B are as follows: descriptive text has been removed and added to the appropriate section of the specification, (i.e., "Brief Description of the Drawings"), as presented herein by amendment to the specification. No new matter is introduced by the changes to the formal drawings, as any description that appeared on the Figures themselves has been re-located to the "Brief Description of the Drawings" section of the application.

Figure 7 is cancelled without prejudice from this application. Cancellation without prejudice of Figure 7 is supported by the specification of the instant application which does not describe Figure 7. (See, page 14 of the application).

As the newly submitted drawings address the objections identified in PTO-948 (Paper No. 7), the applicant requests that the objection to the drawings be withdrawn in this application.
